

Program Information

DENTAL ASSISTANT

Jacksonville, FL

Program Overview

The Dental Assistant program provides students with sufficient theoretical knowledge and practical skills to perform efficiently in a professional capacity in an entry level position. This program includes courses covering management skills, appointment scheduling, laboratory procedures, maintenance of patient records, chairside assistance, instructing patients in proper oral hygiene, and assisting in the selection, placement, and removal of rubber dam, sutures, and periodontal packs.

Program Objectives

- To provide a learning atmosphere that is similar to an actual working atmosphere.
- To provide experience in the clinical area to correlate with classroom instruction.
- To provide the education and skills needed to pass a national registry exam, if needed.
- To instill in the student a sense of professionalism in behavior, attitude, and dress.

Georgia residents who graduate from the program and practice in Georgia will not be permitted to practice some duties taught in the program due to differences in scope of practice for Dental Assistants in Georgia. Students are encouraged to request a copy of the current laws/rules governing the practice of dentistry in the state of Georgia.
