

Program Information

PRACTICAL NURSING

Aurora, CO

Program Overview

As a vital member of the healthcare team, the Practical Nurse combines nursing skill with human understanding to care for both chronically and acutely ill patients in a variety of settings.

Program Objectives

The objective of this program is to prepare the student with sufficient theoretical knowledge and specialized practical skills to qualify for an entry-level position as a member of the nursing staff in an acute care hospital, extended-care facility, physician's office, or other healthcare agency.

End of Program Student Learning Outcomes

1. Provide safe, caring and compassionate nursing care to diverse patients across the lifespan in various healthcare settings using evidenced based practice to improve outcomes.
2. Function as a competent, entry-level healthcare provider applying leadership and management skills and embracing ethical and legal principles in the provision of culturally appropriate nursing care.
3. Collaborate with members of the inter-professional healthcare team to provide optimal care for diverse patients and their families.
4. Communicate effectively through verbal, nonverbal and technological methods with patients, families and members of the inter-professional healthcare team.
