Program Information
SURGICAL TECHNOLOGY

Kansas City, MO

Program Mission

The Surgical Technologist program is designed to prepare graduates with the basic knowledge and fundamental practical and professional skills needed for employment as entry-level generalists in the field. The program combines academic studies in the classroom, hands-on laboratory instruction, and clinical training in various surgical settings to prepare graduates who are eligible for employment in a variety of surgical settings.

Program Objectives

The program is designed to prepare graduates with the basic knowledge and fundamental practical and professional skills needed for employment as entry-level generalists in the field. It combines academic studies, hands-on laboratory instruction and clinical training in various surgical settings to prepare graduates who are eligible to sit for the National Certifying Examination for Surgical Technologists as sponsored by the National Board of Surgical Technology and Surgical Assisting (NBSTSA). The program meets Standards and Guidelines for the Accreditation of Educational Programs in Surgical Technology as established by the Commission on Accreditation of Allied Health Education Programs (CAAHEP) and as required by the Accreditation Review Council on Education in Surgical Technology and Surgical Assisting (ARC/STSA).
